PROFILE

Hi, I'm Eric! I am a young professional from Moncton NB currently living in Montreal. I completed a Bachelor of Fine Arts at NSCAD University in 2020 and studied architecture at the University of Waterloo until 2022.

While in school, I refined my skills in design, graphical animation, and 3D printing. I now run a small online business selling 3D prints!

Currently, I am seeking employment opportunities before going back to school to pursue a master's degree in information and data studies.

HOBBIES

Distance Running
Drawing
3D Scanning
3D Printing
Gardening
Dinner Parties
Hiking
Photography

ERIC DUPLESSIS

EDUCATION

University of Waterloo – Bachelor of Architectural Studies

September 2020 – December 2022 (unfinished)

Coursework in this program made me develop strong visual communication skills and digital proficiency. Courses covered topics such as digital fabrication, sustainable design, computational design, mapping, history, and much more.

NSCAD University – Bachelor of Fine Arts

September 2016 – April 2020 (completed)

In this degree, I studied digital and media arts, such as film and set design, drawing, sculpture, animation, and 3D modeling, scanning, and printing.

WORK EXPERIENCE

Correctional Service of Canada (CSC) – Junior Project Officer

Summers 2019 – 2021, Winter 2024 – current

I designed and produced a suite of training videos to help CSC staff understand offender-related data and how to access it.

Architects Four Ltd – Student Architectural Intern

Fall 2022 – Winter 2023

I developed working drawings, renders, and design iterations for projects including a medical school, law school, daycare, retail space and condo building.

EXO Insights – 3D CAD Modeler

Winter 2022

I modeled 3D assets for virtual reality training applications, researched 3D scanning workflows, and produced videos with graphic animations.

City of Moncton – Student Gardener

Summers 2015 – 2019

DISTINCTIONS

- Excellent Academic Standing (University of Waterloo, Summer 2022)
- 2nd Place, *CISC Architecture Student Design Competition*, 2021
- Dean's Honours List (University of Waterloo, Fall 2020)
- ArtsNB Scholarships (2017, 2018, 2019)
- The Fred Ross Scholarship (2016)
- Student of the Year (Bernice MacNaughton High School, 2016)
- Fine Arts Excellence Award (Bernice MacNaughton High School, 2016)

SKILLS

3D Modeling

SketchUp
Rhino 3D
Grasshopper
Blender
Revit
